EXPLANATION OF LISTING

This record of the publications of the University staff for the calendar year 1959 was compiled from reports submitted by staff members to their departments. It includes titles of doctoral dissertations submitted during the year; it does not include classroom materials, committee reports, or other material whose distribution is restricted or limited.

The listing is alphabetical by departments for each of the three campuses of the University: Departments at Urbana (pages 3-81); Chicago Professional Colleges (pages 82-103); Chicago Undergraduate Division (pages 104-107). Within each department the listing is alphabetical by authors.

For publications written by two or more persons, the co-author's names are shown in italics. All authors and co-authors are listed in the Index beginning on page 108.
